This screenshot shows a complex grid-based interface for course selection. The grid consists of multiple rows and columns. Each cell in the grid contains a small icon or graphic, possibly representing a course or a selection status. The interface is overlaid on a dark background, and there are various colored elements (green, blue, red) that likely represent different actions or states. At the top, there are navigation tabs and a search bar. The overall layout is dense and appears to be a web-based application for managing course selections.

This screenshot shows a web browser window displaying a course selection page. The browser's address bar shows the URL: 42.49.134.163:20016/yxsxsbj/xsxx/xsxx_indeE:fx050Lzblde176Ae886U7E7C142F00142017051475000. The page content includes a header with the text "13003091 哲学、教育、人生 2 腾飞 2-15周 星期二 9-10节 第二实验楼A106 西院 80 人文社科 选课". Below the header, there is a list of course options with columns for course name, instructor, and selection status. A sidebar on the left contains a list of "选课" (Course Selection) buttons. The page is rendered in a dark theme with red and white text.
